

Dear Connections Academy families,,

LiveLessons with Class offer a fully integrated experience within the safety and security of the Pearson Online Classroom. Teachers are ready to support their students and get them started! **If any students encounter difficulties, this message has the info to help!**

Like many applications, Class may be used with either the desktop app or the web browser version.

- The desktop app is recommended for the best experience; however, the web version is also fully functional. (Chromebook users may only use the web version.)

Get more information here: [Student Guide to LiveLesson Sessions with Class](#) (including the app download instructions).

If students have any difficulties, we ask they please check in with their teachers first for quick help, and if needed please do feel free to reach out to Student Family Technical Support at 1-800-382-6010.
