

LiveTutor

LiveTutor is available to all Connections Academy students across the four core subjects: [Math, Science, Social Studies and English.](#)

Students can access the LiveTutor queues via an individualized link found on their student homepage (under the LINKS tab).

We Can Help With That!

- Homework questions.
- Content questions.
- Clarifying portfolio directions and guidance.
- Draft editing.
- Test Review
- Content Support.

What We Don't Do

- We try our best to ensure a student is not actively taking a quiz or a test.
- Teach an entire unit or brand new concept (we are focused on helping to support growth by reviewing and building up foundational knowledge, we are not a replacement for your LiveLesson).
- We don't enter or change grades.

The Process

- Students can drop in anytime into the queue OR they can schedule ahead using youcanbookme.com.
- Tutors transfer the student into the LiveLesson room when they are ready.
- Tutors look up the students overview and gradebook.
- They use the gradebook to ensure they aren't working on a test or quiz but to also look for assignment modifications and notes, and to keep their session tied to the curriculum.
- Once a student enters the LiveLesson room, the tutor uses screen shares, the chat pod, the microphone, the whiteboards and more to help support your student's learning.
- Our sessions are kept to 20 minutes, but we allow students to come back as often as they need to throughout the day.

- Once a student has completed their session, our tutors log the session notes in the student log. We will include concepts, assignments and any other details that will help the teacher to see what it is we've been working on with the student. We also log any technical issues or behavioral issues that may have occurred.

Schedule Ahead with YouCanBookMe.com

- All links are also available on our Message Boards for families to access.
- Students can schedule up to 24 hours in advance.
- Please encourage your students to fill out the form as much as possible, especially the concept, question or lesson/unit they need help with during the session. This helps us prepare a little better.
- Students will not get a confirmation webmail, and the session will not be automatically added to their calendar.
- If the student needs to cancel, they can webmail the LiveTutor Services webmail box.

YouCanBookMe Links:

- [Elementary YouCanBookMe](#)
- [English YouCanBookMe](#)
- [Math YouCanBookMe](#)
- [Science YouCanBookMe](#)
- [Social Studies YouCanBookMe](#)

DropBox:

- A drop is available through youcanbookme.com.
- Students can upload a draft to be edited prior to their session.
- Students must have a Gmail account in order to upload files. If they do not, the Caretaker/LC can webmail the LiveTutor Services webmail box with the file.
- Students must attend a booked session in order to receive the edited file/feedback.

Communication Pathways

- Tutoring Services Message Boards has resources for staff, students and families, including our other programs.
- We update the Scoop regularly with closures and other important information.
- LiveTutor Services webmail box is available to all staff, students and families. We respond within 1 business day.
